

Labelling of special products and services

- Supplement to the Shipping Guideline -

Hazardous Goods Service

GLS provides exclusively in the national traffic of Germany on the basis of the current Dangerous Goods Regulations the shipment of hazardous goods in the following classes:

| Class | excluding the following substances with classification codes/ properties: |
|-------|--|
| 2 | 1-3, 4F (int. al. compressed, fluid, frozen gases and compressed gas in solution), toxic gases |
| 3 | no exclusions |
| 4.1 | all self-reactive (SR) and readily combustible solids (FO) |
| 5.1 | Packaging group I und special materials inducing dangerous reactions (int. al. O ₃ , OT 1, OF, OS, OW, OTC) |
| 8 | no exclusions |
| 9 | M1 to M3, M8 and M10 |

For the shipment of hazardous goods the following **additional sticker** is to be used in addition to the standard GLS parcel label (not necessary if you generate your parcel stickers for the **Hazardous Goods Service** using the GLS dispatch system*):

Irrespective of this the relevant legal regulations concerning the marking, declaration and packing are to be observed. A transport document is to be handed over as well. If obligatorily identifiable hazardous goods are not indicated, GLS Germany reserves the right to claim for compensation in case of damages.

In order to send safely, safety officers in our depots are at your disposal.

Cash Service

For dispatch of your **Cash Service** parcels use the **special parcel labels** with the number range xx71 yyyyyyyyp:

Important:

It is absolutely necessary to make sure that on the parcel label the amount is given once with numbers and once with letters, in order to ensure the smooth delivery of the parcels and the bank transfer of the cash amount.

Please do not forget to enter the currency code. The indication of the reason of payment is recommended.

Accessorily mark your **Cash Service** parcels with this **additional sticker** (not necessary if you generate your parcel stickers for the **Cash Service** using the GLS dispatch system*):

Contact:

**General Logistics Systems
Germany GmbH & Co. OHG**
Service-Hotline: 0180 - 52 52 700*
www.gls-group.eu

* (0,14 €/Min. from German landline, diff. mobile charges)

Euro Business Parcel

For the dispatch of export parcels (max. weight = 50 kg) please use this **additional sticker**:

Please indicate the country code besides the zip code.

When using the GLS dispatch system for your export parcels you generate parcel labels with all necessary information*.

* Example of a parcel label which has been generated by the GLS dispatch system:
